EXPANSION & GROWTH FINANCING

Build a complete growth funding plan.

New contracts, locations, and customers bring opportunity, but expenses often arrive before revenue. Explore growth financing built around the cash your expansion needs.

Three structures to understand

01

Term financing

Often fits equipment, facilities, or other investments that benefit the business over several years.

02

Operating line of credit

May support receivables, inventory, or seasonal cash swings created by the expansion.

03

Phased or combined facilities

Draws tied to project milestones can be paired with operating liquidity when one loan does not fit all uses.

Fixed assets and operating cash often need funding at different points in the growth plan.

Prepare for the conversation

- ☐ Historical financials and debt schedule
- ☐ Growth budget and projections
- ☐ Contracts, leases or equipment quotes

How Alliance helps

We organize the full funding need around your cash outlays and revenue ramp-up. We compare facilities for timing, usable proceeds, and ongoing obligations.

Let's discuss your financing needs.

Tell us your goal, funding amount, and timing.
