GOVERNMENT-GUARANTEED FINANCING

Government-Guaranteed Financing

A government guarantee can help a participating lender support a transaction that needs a different risk structure. The lender still underwrites the request, and program rules change.

Common financing paths

01

SBA 7(a)

Eligible business uses include working capital, equipment, ownership changes, and real estate, subject to program and lender review.

02

SBA 504

Eligible major fixed assets financed with a Certified Development Company and senior lender.

03

USDA and EXIM

USDA supports qualifying rural projects. EXIM offers export-related financing and risk tools. Program requirements differ.

A government guarantee is not a loan approval. Each program and participating lender reviews eligibility and repayment.

Prepare for the conversation

- ☐ Recent financial statements and tax returns
- ☐ Amount, use of funds, and repayment plan
- ☐ Ownership, collateral, and existing debt
